Paper 3 Name and Governance

Date of meeting	12 November 2026
Purpose	Approve Name & Constitution
Summary	Group to review and approve change of name and governance
Recommendation	Approve Constitution

Overview

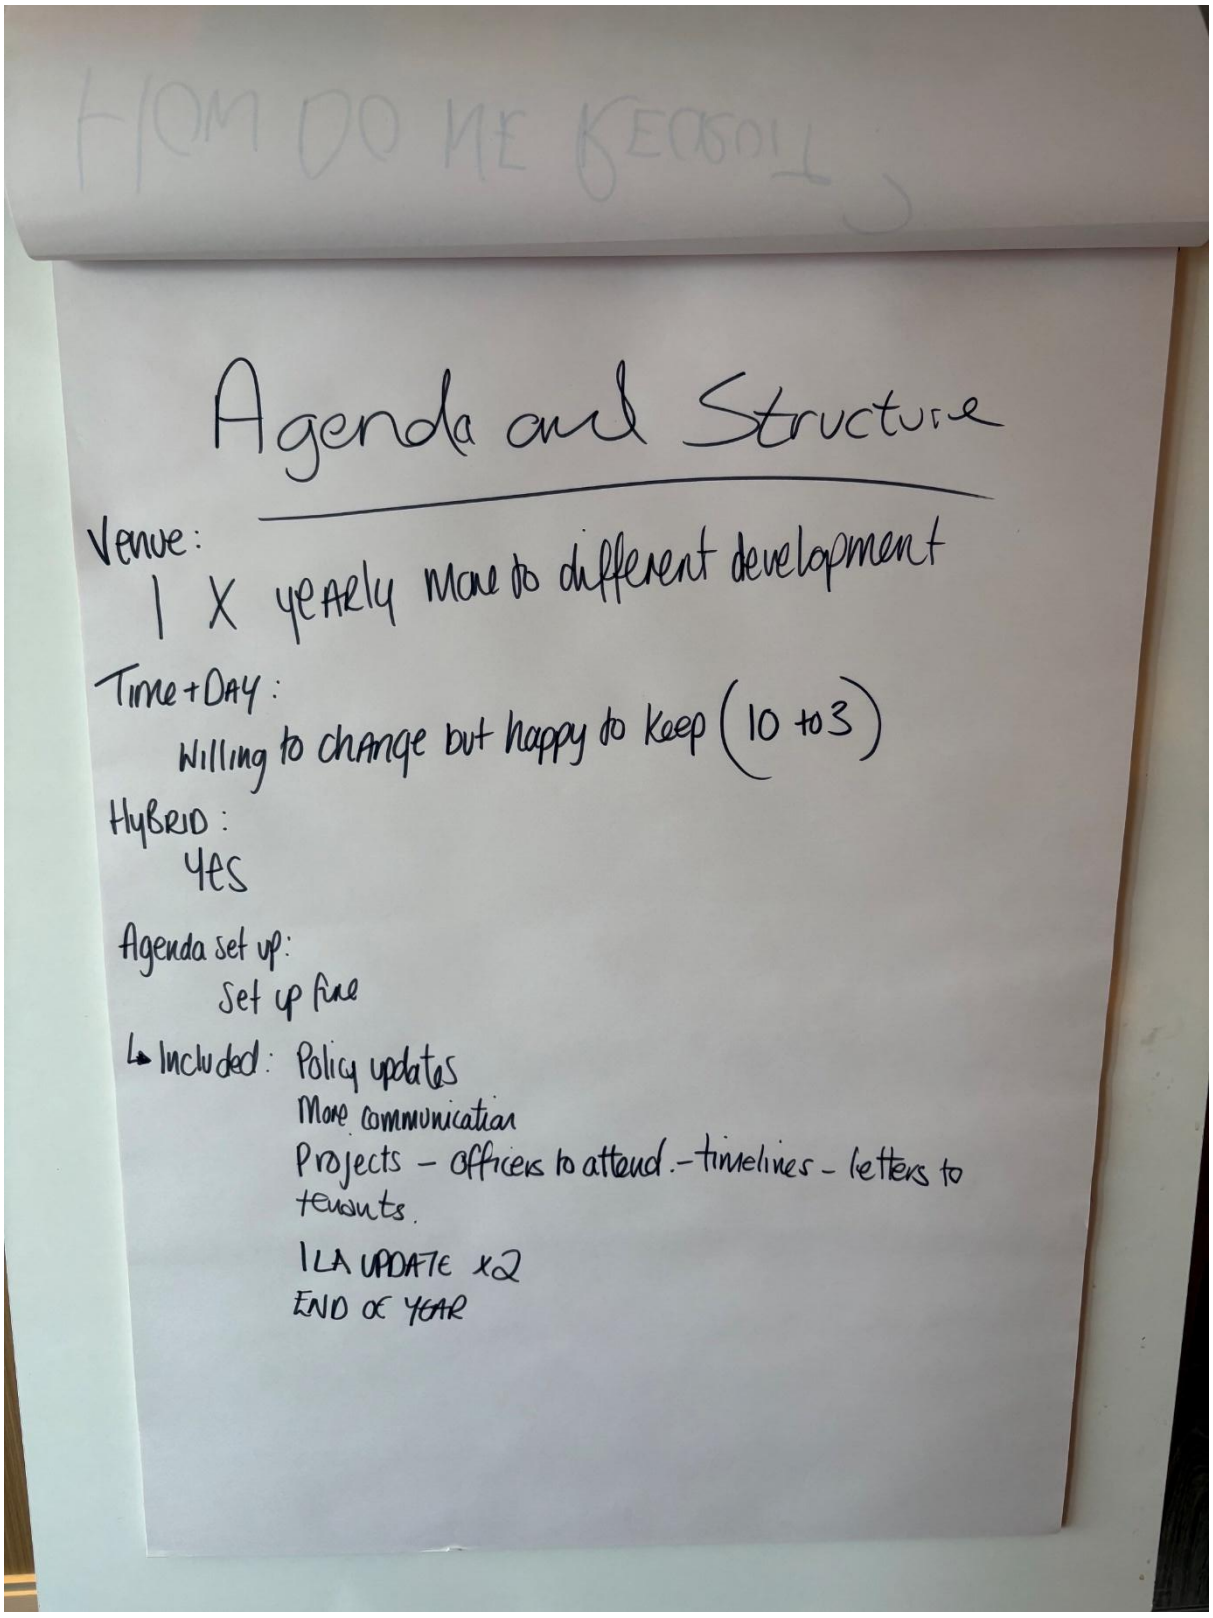

The purpose of this paper is to review and approve a proposed change of name, together with the related governance arrangements and associated documentation.

The Partnership Forum held a meeting in June in Glasgow covering; agenda and structure, why we participate and the groups governance.

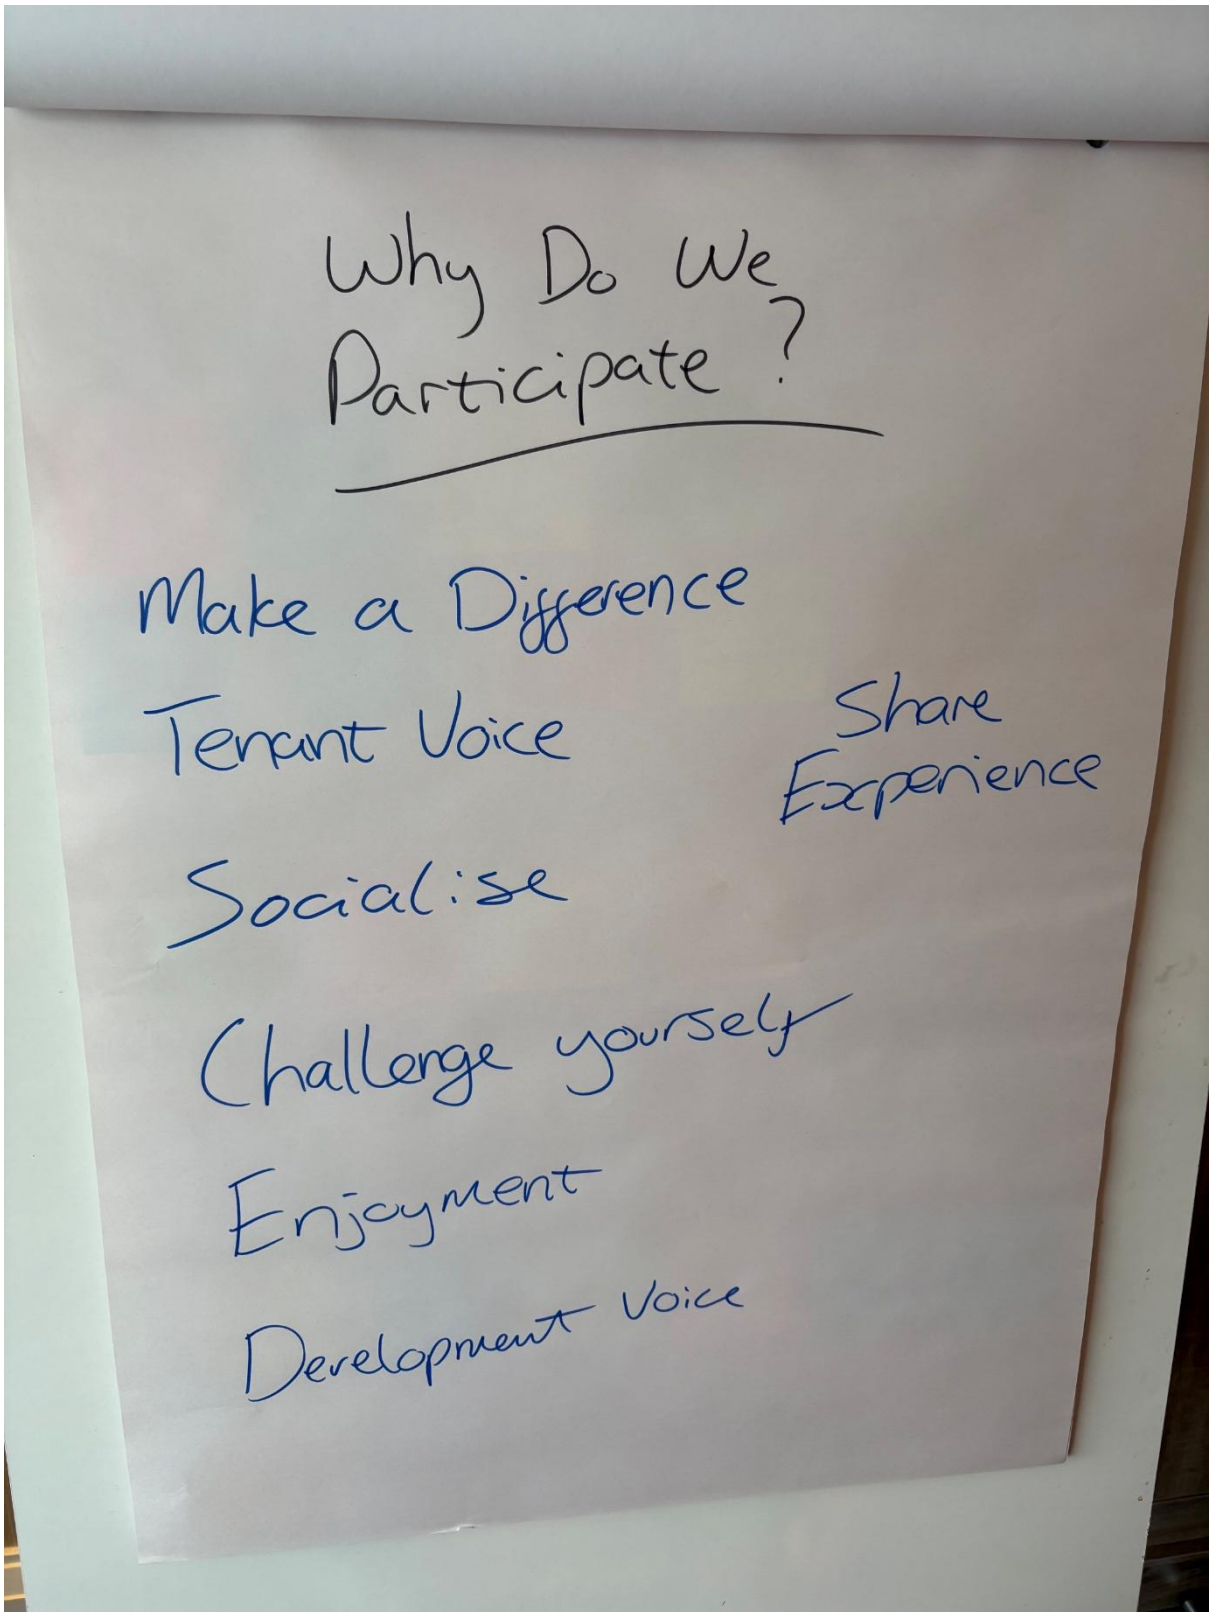

It was clear from the meeting that the group name ‘Partnership Forum’ had to change. The group felt the name did not convey its role clearly enough. Suggested names went out for feedback which included the following options - Tenant Forum, Tenant Voice Group, Tenant Leadership Panel, Resident Equity Forum, Residents Representative Panel, Bield & Residents Together, Tenant Voice in Action, Bield & Tenants Together, Tenant Resolve Group.

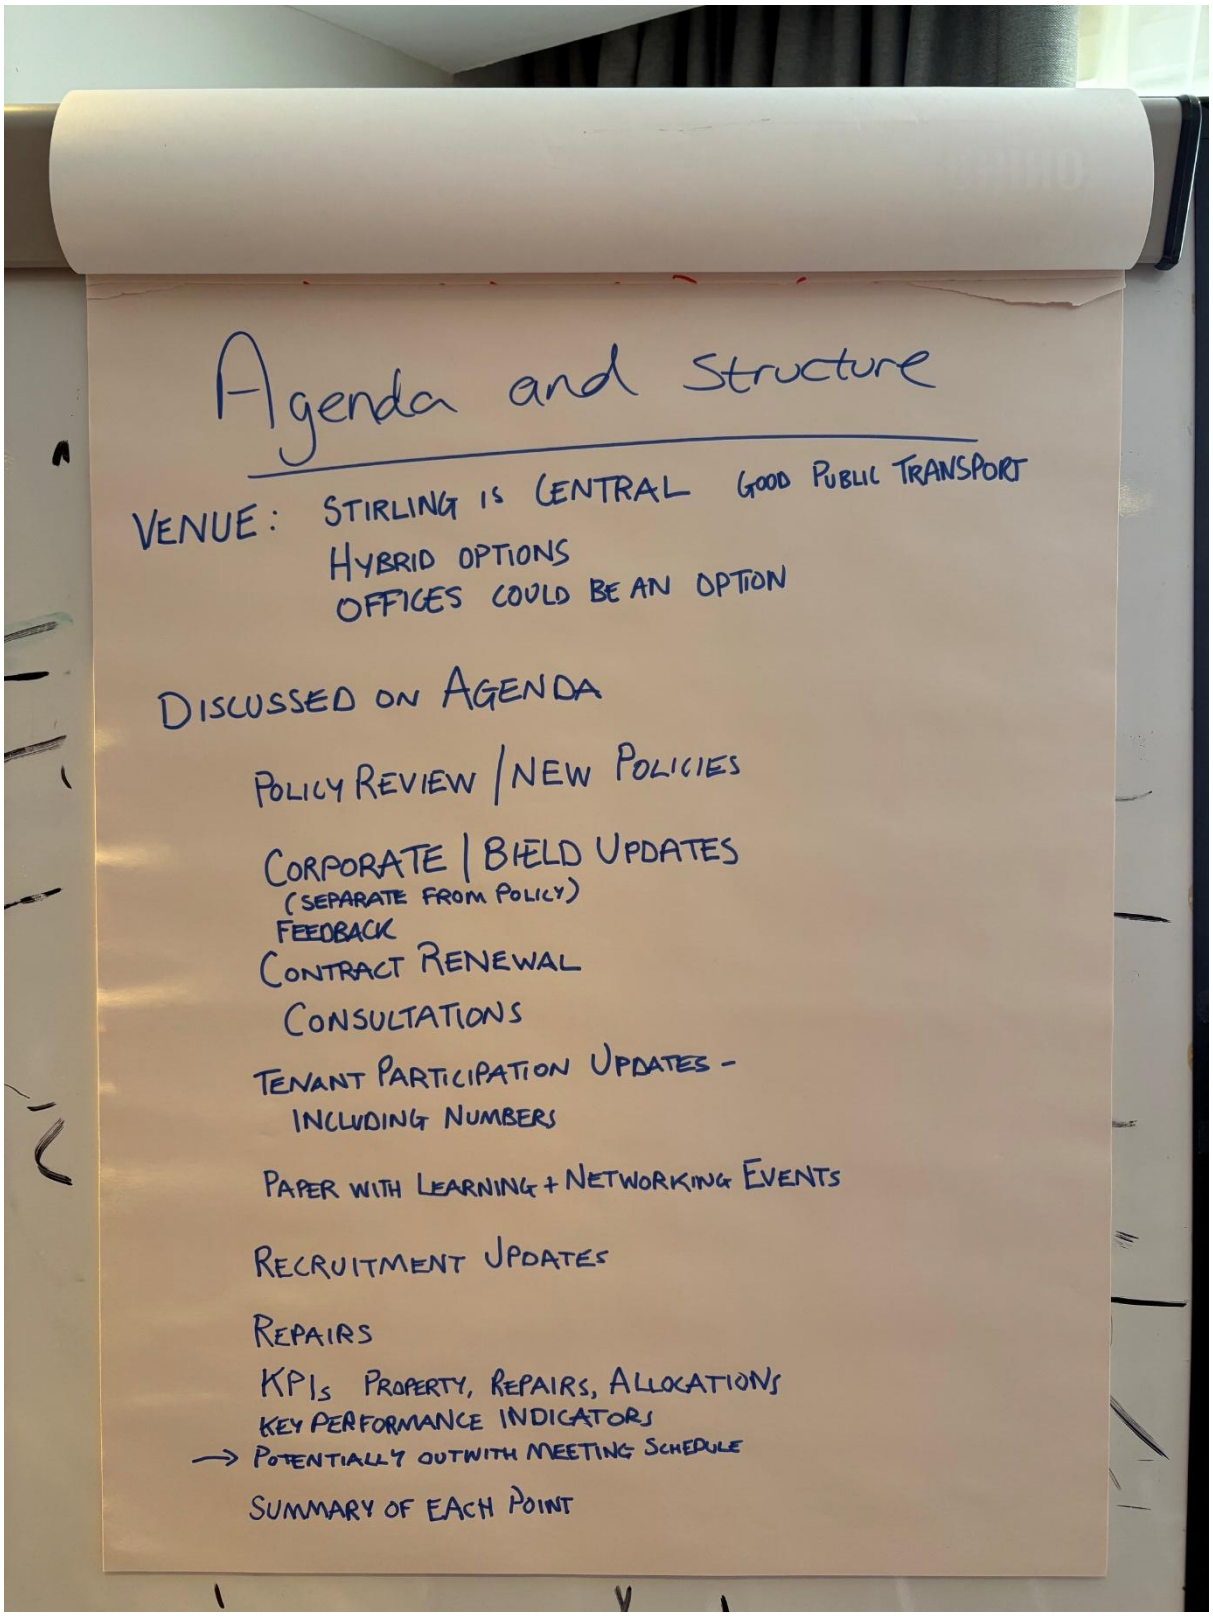

The consensus was to make sure the name has a direct correlation to its purpose with Tenant Voice in Action the favourite. In fact, two tenants replied asking if it can be pluralised to Tenants Voices in Action.

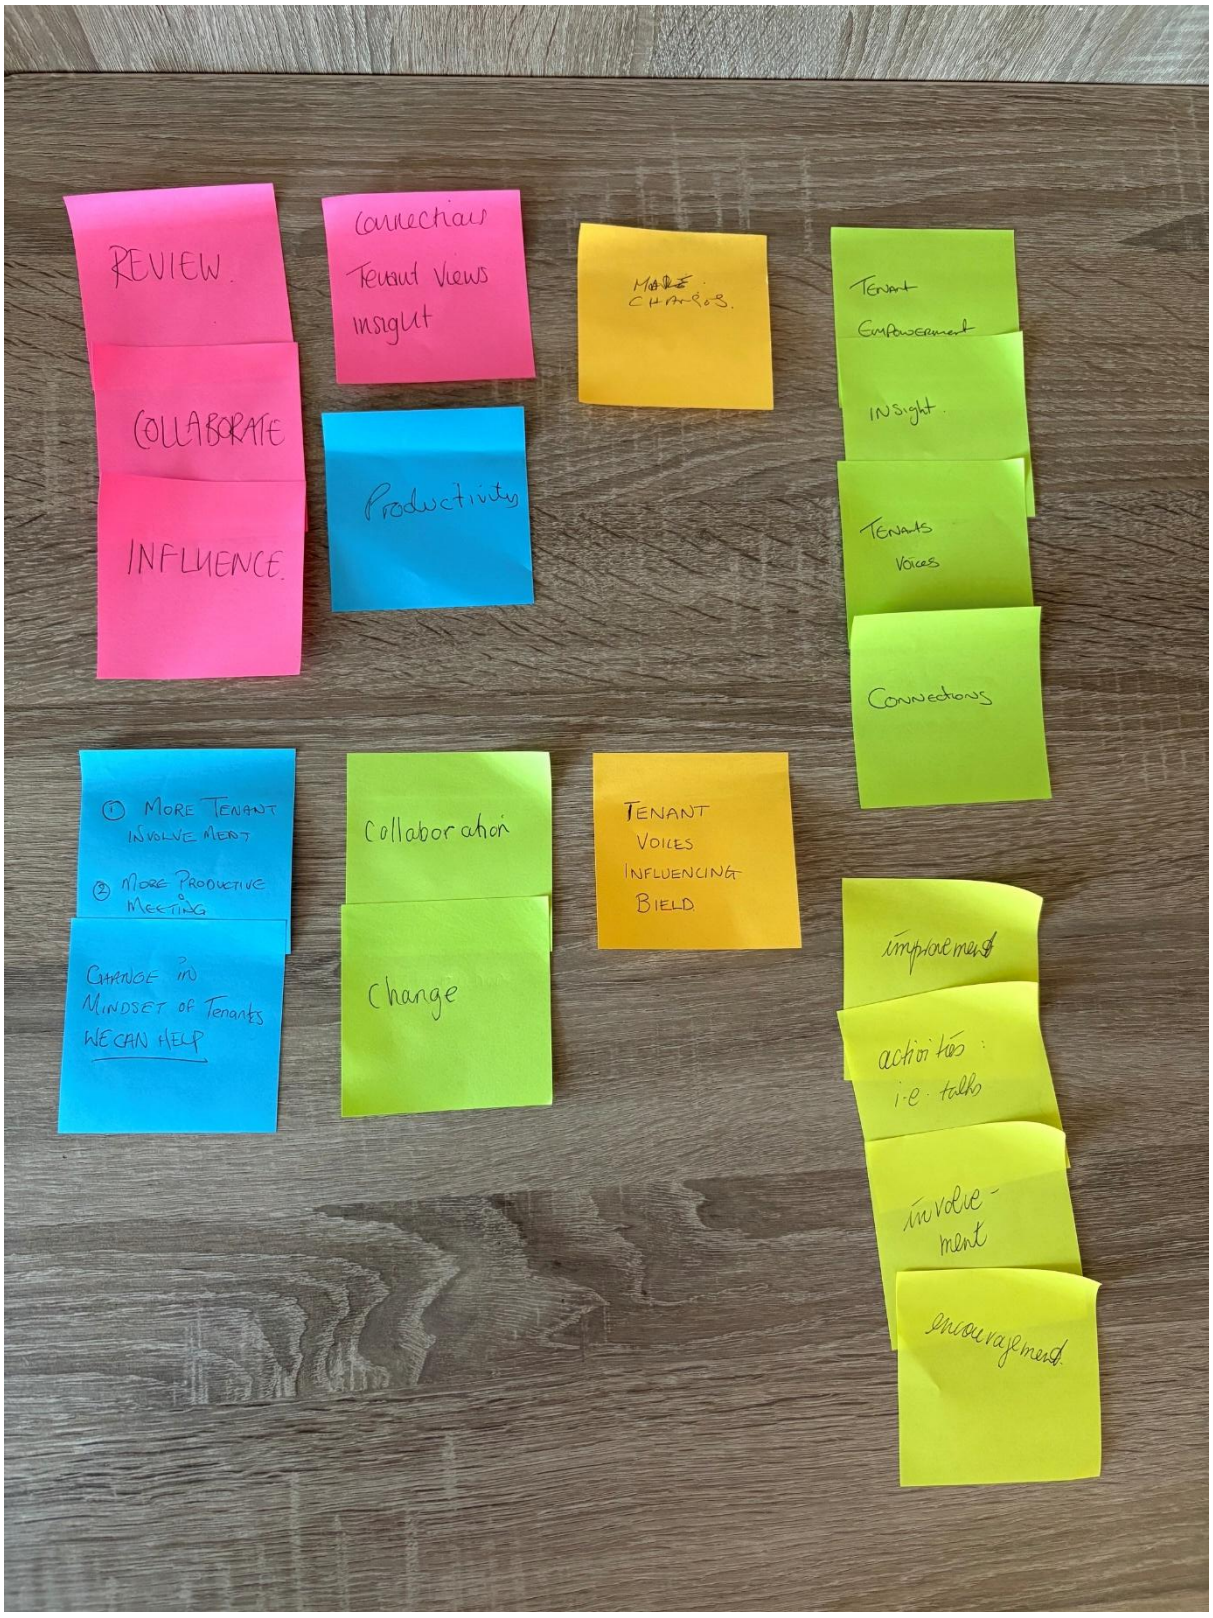

The proposal is to change the name from Partnership Forum to Tenants Voices in Action and all associated paperwork thereafter.
Please be prepared to discuss and approve.
